

Kamangu Chandi Ng'ona

Computer Science Graduate | Technical Sales, Business & IT Support

Lusaka, Zambia • [+260 762 503 239] • kcngona@gmail.com • linkedin.com/in/kamangu-ngona-b62b47ab

SUMMARY

Computer Science graduate (BSc, University of the People) with 4+ years of hands-on experience in field sales, lead generation, and digital marketing. Brings a practical, analytical approach to problem-solving, a consistent record of exceeding performance targets, and a solid technical foundation across programming, databases, and systems. Pursuing an internship or entry-level role in a technical or business-facing capacity — such as technical sales, business/systems analysis, IT support, or software development — where formal training and real commercial experience can both add value.

TECHNICAL SKILLS

Programming & Foundations: Python, Java, JavaScript, PHP, Data Structures, HTML/CSS

Business & Analysis: Market Research, Data Analysis, Lead Generation, SaaS platforms, Agile methodologies

Sales & Communication: Negotiation, Customer Satisfaction, Copywriting, Social Media Advertising, Marketing Management

PROFESSIONAL EXPERIENCE

Super Certified Field Sales Executive — Sun King

Apr 2023 – Nov 2023

- Promoted from Field Sales Executive after 3 months for consistently exceeding sales targets in a competitive field environment.
- Built and managed a customer base across an assigned territory, applying consultative selling and negotiation techniques.
- Conducted on-the-ground market research to identify customer needs and adapt approach accordingly.

Field Sales Executive — Sun King

Jan 2023 – Nov 2023

- Generated leads and closed sales for solar energy products through direct, in-person customer engagement.
- Delivered product demonstrations and after-sales support, contributing to customer retention and referrals.

Marketing Lead Generation Analyst — Adaptive Product

Oct 2022 – Apr 2023

- Analyzed market data to identify and qualify high-value sales leads, supporting the sales pipeline.
- Executed social media advertising and outreach campaigns, applying Agile methodologies in cross-functional collaboration with sales and marketing teams.

E-commerce Manager — 4th SALE

Sep 2015 – Jun 2020

- Managed daily operations, order fulfillment, and customer satisfaction for a B2C online storefront over a nearly five-year tenure.
